MY STAGE TECH PACKET
ANNIE JR. - FALL 2022

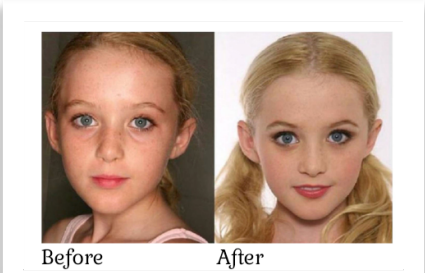
STAGE MAKEUP GUIDE

★ **CLEAN:** Before applying any makeup, be sure your child has a clean face.

★ **FACE:** If your dancer is very young, you can skip the foundation step. If you do choose to apply it, select a color that best matches their skin tone. If it's in between, opt for a little darker. Then use a makeup sponge to apply small dabs on their cheeks, chin and forehead. Work it in evenly, all over your child's face and neck. To set foundation, apply a light dusting of powder.

★ **BLUSH:** Since little kids don't usually have defined cheekbones, tell them to suck in their cheeks or to smile as you apply blush to their cheekbones.

★ **EYES:** Begin with a light highlight 2-3 shades lighter than skin tone extending up to the child's eyebrows. Cover entire lid. Next, apply 2-3 shades darker eyeshadow on the lid and just above the lid. Mascara: If mascara wand is too large for your child, then look for one that comes in a travel size.



BOYS:

★ Use foundation a shade darker than his skin tone.

★ Darken eyebrows if needed with eyebrow pencil.
Use short strokes in the same direction hairs grow.

★ Add subtle eyeliner.
Don't draw a solid line; use a series of dots to reinforce edges of the eyes.

★ Add a subtle blush on the apples of the cheeks.

REQUIRED UNDERGARMENTS
